

TERM 2 NEWS!

STRANGER DANGER!

We would like to inform you that a senior student has recently been approached by a male on the way to school.

We would like you to talk to your children about the dangers that can happen walking to and from school and ways they can stay safe.

We talked to all middle school students about this on Thursday the 1st of June and let them know about what they should do if they are approached in a dangerous way.

These are the things we told students to do:

- 1) Do not talk to strangers
- 2) Walk together with friends to and from school.
- 3) Do not walk home alone
- 4) If approached find the closest house with curtains open and knock on the door.
- 5) Try and get to a safe zone as fast as possible where other adults are.

QUEENS BIRTHDAY MONDAY

On Monday the 5th of June there will be no school because of Queens Birthday.
